

COST OF LIVING WORK SHEET

Once you have established your current cost of living we ask you to compare those costs against the numerous services and amenities offered in our all inclusive one month fee. We are certain that the carefree retirement lifestyle at our communities along with the availability of professional assisted living care is an exceptional investment in your peace of mind and quality of life.

We have developed a simple cost comparison worksheet to understand the value offered by Autumnwood Mature Lifestyle Communities.

1

CURRENT ANNUAL INCOME
